

# RANSOMWARE READINESS SERVICE

## RANSOMWARE

Ransomware attacks are increasing in their frequency – a company is hit with ransomware every 40 seconds, says Action Fraud. Criminals are also returning with double and triple extortion attempts, threatening to make sensitive data public, and use stolen customer details in further targeted attacks.

It's all too easy to become a ransomware victim. Staff can unknowingly download malicious software by opening an email attachment, clicking an ad, following a link, or even visiting an infected website. The business impact could potentially be critical as well as costly if you are unable to access your systems or networks and are offline for a lengthy period.

Even if you're maintaining a robust level of security, you have a good chance of encountering ransomware. Cortida provide a ransomware readiness services that assess the maturity of your ransomware preparedness and response to bring you peace of mind.

**CORTIDA WILL ASSESS THE MATURITY OF YOUR RANSOMWARE PREPAREDNESS AND RESPONSE, SO YOU CAN GAUGE:**

- **EXPOSURE** – HOW SUSCEPTIBLE YOUR BUSINESS IS TO ATTACK
- **READINESS** – HOW WELL YOUR BUSINESS CAN WITHSTAND AND MANAGE AN ATTACK
- **RESPONSE** – HOW QUICKLY AND EASILY YOUR BUSINESS CAN RECOVER AFTER AN ATTACK

## THE CORTIDA APPROACH

We'll help you strengthen your people, processes and technology to mitigate the threat of attack. Also, enhance your incident response strategy to include ransomware to enable your business to build back quickly following an attack. This safeguards your ability to trade and keep trading, your brand and bottom line.

### Service highlights

- Assessment of current ransomware protections
- Assessment of risk exposure (likelihood and impact)
- Gap analysis exercise
- Personalised remediation plan
- Report and high-level project plan

### Complementary services

Cortida offers a full range of security services, including audit, testing, detection and response. Virtual support and onsite incident response from experienced consultants for attacks in-progress is also available.

**Get ransomware-ready with Cortida today to reduce the likelihood and impact of a successful ransomware attack and limit loss, disruption and stress.**
